

“Manufacturing the Future Together”

General Information

Established in 1962
Headquarters – Romeo, MI
Non - Union
Current Employment – 365 people
6 plants located in Romeo, MI
1 warehouse located in Brown City, MI
Total square footage – 186,000
Build & design our own tooling
Future plant expansion & employment

Core Manufacturing Parts

Rollforming

Class “A” Parts
Bending's
Pierce Units
Upper Reveals
Door Belt Caps
B-Pillar Appliques
Ditch Moldings
Wind Deflectors
All Roll Forming manufactured in our plants

Aluminum Extrusions

Bending & Machining
A-Pillars
B-Pillars
C-Pillars
Reinforcements
Retainers

PVC Extrusions

Bending & Trimming
Profile's
Bi-Lam's
Flocking done in-line (spray) at D&N

More Capabilities

Tooling – Full Tool & Die shop in -house
Full Prototype capabilities – Lasers, Presses
Misc. – Chrome Plate, E -Coat, Powder Coat
Metal Finishing
Assembly – Robotic Welding: Mig, Tig, Spot
